The Latest News From All Parts of the Commonwealth. MAY DEFY LAW.

An Attack on Owingsville Said to Be Planned-Walting for Troops to Ga OWINGSVILLE, Ky., May 31.-The situntion here Sunday night was threatening. Judge Gudgell Sunday advised Mayor Allen to send all soldiers not able to do active duty to the hospital, as they would probably be needed Sanday night to repel raiders, who are preparing to chop down Chris Garner's gate on the Wyoming pike, two miles from town. It was at this gate that the battle between the raiders and officers took place ten days ago. The officers feel that the sudden disappearance of the raiders in the South Sherbourne precinct Saturday means that they have gone into Fieming county for recruits, and that they may be expected to make a fight be-

fore morning. Judge Gudgell said Sunlay night he had been looking for developments but they have not come yet. John Sh ckleford, from the country, came into town Sunday afternoon and told the officers that they may expect trouble before morning. The matter has been kept so quite, however, that only a few in Owingsville know that a raid was looked for Sunday night. A citizen of Montgomery county came into town and said that the free tornpikers in that county have threatened to come to the assistance of their brethrea in Bath county, when the troops leave, and assist them in wreaking vengeance on the officers at Owin swille and on informer Joe Black.

95-94 MANY KENTUCKY BANKS Caught Napping in Regard to Taxatlor Matters.

SOLD BY ALL DRUUGGISTS.

FRANKFORT, Ky., May 27. - Secretary of State Finley decided Wednesday that the Northern bank would not be allowed to reduce its capital stock. because it had failed to comply with section 19) of the state constitution, which reads as follows:

"No corporation in existence at the time of the adoption of this constitution shall have the benefit of future legislation without first filing in the office of the secretary of state an acceptance of the provisions of the constitution."

The Northern bank and nearly all the big banks in the state failed to file the required acceptance, and later on the new corporation law was adopted, and clinched the matter by saying in Section 570 that unless the corporations had taken advantage of the constitutional provisions they could not do so after the new law went into effeet. This ruling of the secretary of state will cut off a number of banks that have been caught napping. JUDGE BUFORD.
